Mr. Robert Lee  
Division Administrator  
Federal Highway Administration  
South Carolina Division  
1835 Assembly Street  
Room 1270  
Columbia, South Carolina 29201

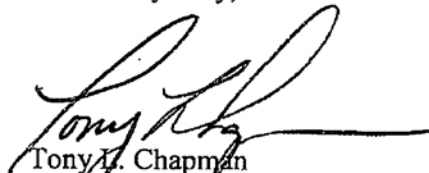

Re: Size and Weight Restrictions Waiver

Dear Mr. Lee:

In response to the Federal Highway Administration's request for emergency transportation needs for the Hurricane Katrina relief in Louisiana, Alabama, and Mississippi, the State of South Carolina is waiving state regulated restrictions on interstate routes for size, height, width and weight limits, along with any other restrictions that preclude or limit the rapid delivery of mobile homes and/or travel trailers, or relief supplies and equipment being transported to these states.

This waiver will remain in place for a period of 60 days and may be extended based on need.

Yours very truly,

Tony L. Chapman  
State Highway Engineer
